

Owner's Manual

KAYAK

Introduction

Congratulations! You have just purchased a Equinox kayak. The small boat business is changing and Equinox is at the leading edge of this change. Our boats are produced in a zero waste/zero landfill factory. We are committed to protecting the environment.

We encourage you to read this Owner's Manual carefully and consider the recommended safety tips. Important navigation techniques, maintenance procedures, care, and storage are explained in this manual to better assist you.

As a valued consumer, your comments or questions are always appreciated.

• REGISTRATION & DECLARATION

Warranty Registration

A section of our website www.equinoxkayaks.com is dedicated to the warranty registration. Please fill out and complete the warranty registration within 30 days following the product's purchase date. This information will be very important should you require assistance from our customer service department.

Declaration of Origin

Certain states and/or provinces in North America require that we provide a declaration of origin. This declaration of origin is provided on page 10.

We strongly recommend that you consider all the information provided. Keep this owner's manual in a safe place.

FAMILIARIZING YOURSELF WITH YOUR KAYAK

Read carefully, discover and learn the major kayak components.

EQUINOX ANGLER 12.0F

Innovative seamless design made in UV resistant, high density material.

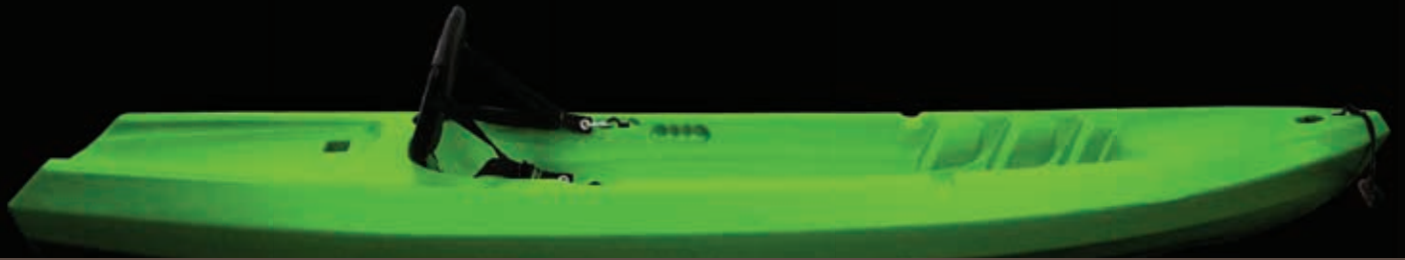

- 1 Dihedral hull for the ultimate stability and tracking
- 2 Self bailing design
- 3 Adjustable seat back
- 4 Two flush mount rod holders
- 5 Graduated foot wells
- 6 10" x 18" elliptical bow hatch
- 7 Large stern well with bungees
- 8 6" round storage hatches, stern and center

And more ...

- . Side mounted carry handles
- . Bow and stern carry handles
- . Paddle tie downs
- . Integrated drain plugs
- . Molded-in cup holders

• READY TO PADDLE & NAVIGATION •

- It is strongly recommended that you take a certified kayak initiation course to learn the basic techniques and security measures.
- When boarding, place one foot in the center of the kayak while holding on both sides of the cockpit.
- Sit comfortably into the seat back and adjust your feet on the graduated foot wells or adjustable foot rests.
- It is important to wear an approved life-jacket or a personal floatation device.
- Your kayak should have the basic emergency equipment on board (spare paddle, first aid kit, whistle)
- Before heading to the water, make sure that all drain plugs are closed.

EQUIPMENT

It is important to wear an approved life-jacket or a personal floatation device. The following list of equipment will make your experience safer and more enjoyable.

- Spare Paddle
- Sunglasses
- Suntan lotion
- First-Aid kit
- Sound-Signaling device (whistle)
- Non-skid foot wear

Weather and water conditions:

Always verify the weather and water conditions in the area you will be boating. Your kayak is only designed for use in sheltered waters, lakes and slow moving streams. Your kayak is not recommended for white water use. NEVER go kayaking in severe winds, rain, thunderstorms, choppy waters, strong currents, flood waters or where tides will seriously affect your ability to steer your kayak back to shore.

• SAFETY MEASURES & WARNING •

All paddle sports can be dangerous and physically challenging. Paddle sports can cause serious injuries or death if appropriate safety measures are not followed. **The user assumes all risks and accepts all & any responsibility for any damage or injury that may occur. Equinox shall have no liability whatsoever for any personal injury, accident or consequential damages.**

We recommend that you receive instruction in proper paddling techniques, safety and security on the water and first aid techniques before using your kayak.

Our Owner's Manual gives you a summary of the important points to follow for a pleasant and safe experience.

Hypothermia

Hypothermia is a dangerous drop in the body's core temperature below the normal level (37°C or 98.6°F). Marine accidents are very dangerous and can be more so if you are poorly prepared for the cold water.

Location

Before setting out, make sure you are familiar with your surroundings. Be aware of permitted navigation hours, emergency services and locate the danger zones.

Physical Capacity

Realistically evaluate your physical capacities and resistance should you have to swim to the shore.

Slippery Hull

Your kayak becomes extremely slippery when wet. Therefore, it is recommended that you wear slip-resistant shoes and that you remain in the middle of your kayak at all times.

Do not stand in your kayak

Your kayak may capsize if you stand in it.

Children

Never allow children to kayak without adult supervision.

Coast guard regulations

Always abide by Coast Guard regulations, State and local laws, ordinances and rules concerning boating and boating safety.

Your kayak was designed for calm water; it was not designed for rapids or white water.

MAINTENANCE & STORAGE

Maintenance

The best way to clean your kayak is with water. However, with tougher stains, you can use some soft soap and a non-abrasive plastic brush.

Storage

The easiest way to store your kayak is to sit it on a flat surface. If your kayak remains outdoors, you should keep it covered and out of direct sunlight. Do not leave any straps tightly cinched around your kayak for long periods, especially in warm weather. This can distort the shape of the kayak.

Warning

You may find an accumulation of water between the hull and the deck due to paddle handling, rain or condensation. Equinox kayaks are equipped with drain plugs to remove this accumulated water. Make sure the drain plug is closed before putting the kayak on the water.

To empty the water from your kayak, remove the drain plug and prop up the kayak vertically on its stern.

LIMITED 2 YEAR WARRANTY

Limited Consumer Warranty

Equinox® Corporation warrants your new kayak to be free from defect in materials and workmanship, subject to the following terms and conditions:

- Equinox® warrants the hull of your new kayak to be free from defects in materials and workmanship for a period of 2 (two) years from the date of retail sale.
- The kayak components are covered for a period of 1 (one) year from the date of purchase.
- The warranty is applicable to Equinox® products registered and normally operated in North America. Under this warranty, Equinox® is limited to the repair or replacement of the components at the option of Equinox®.
- This warranty is non-transferable to a subsequent owner.

The following is not covered by this warranty:

- Damage due to misuse, accident, collision, etc.
- Equinox® Corporation shall have no liability whatsoever for any personal injury, accident or consequential damages.
- Wear-and-tear deterioration, discoloration, or fading, etc.
- Commercial use or rental.
- Damage or surface corrosion caused by the environment.
- Damage caused by the use of aggressive chemical cleaning solvents.

- All incidental or consequential damages.
- Any damage incurred in transport from Equinox® to the customer.
- Any transportation charges to and from an Authorized repair facility.
- Labor to install new or replacement components

Customers are responsible for inspecting their kayak upon arrival for any shipping damage and must notify Equinox® in writing within 5 (five) days of the date of delivery. (service@equinoxkayaks.com)

Transportation charges for hulls and/or replacement components are the responsibility of the purchaser. This warranty is limited to the purchase price of the product, and is nontransferable to a subsequent owner.

Repair or return of boats

All requests for a return authorization number must be sent by email to service@equinoxkayaks.com. The return of any boats will not be accepted by Equinox® without an authorization number.

This warranty is the sole and exclusive warranty by Equinox® in connection with its boats and Equinox® makes no warranties or representations, expressed or implied (including warranties of merchantability and or fitness for a particular purpose) in such connection except as specifically described in this warranty.

All incidental and/or consequential damages are excluded from this warranty. Implied warranties are limited to the life or this warranty. Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you special legal rights, and you may also have other legal rights which may vary from state to state.

During the warranty period, Equinox® Leisure Products is obliged only to repair or replace, at its discretion, the above mentioned parts, at either its manufacturing plant, or at an authorized dealer store or service center, as decided by Equinox®. Transportation costs back to the appointed place or repair or replacement are at the expense of the consumer. Equinox® is not responsible for any damages incurred in transport, charges for storage or transportation fees, nor for inconvenience or loss of time or money while repairs are being made.
